PROFILE

A dedicated Frontend Developer and UI/UX Designer with a proven track record of delivering exceptional results in web development projects. I bring a unique blend of creativity and problem-solving skills, cultivated through my experiences working on significant government projects in Dubai, Sharjah, and Ajman.

These opportunities have refined my ability to craft user-friendly interfaces that adhere to the highest standards of security and accessibility. I am deeply passionate about leveraging technology to make a meaningful impact in the digital landscape.

EDUCATION

Diplamo in GWCC (graphic web designing and development), Arena Animation   Malappuram
Mar 2014 — Mar 2017

EMPLOYMENT HISTORY

UI/UX Designer and Frontend Developer, Datacell Solutions   Dubai
Nov 2021 — Present

Proficient in frontend development, I specialize in crafting reusable UI components and converting designs into HTML seamlessly. With experience in Dubai government projects, I adhere to rigorous standards while delivering high-quality results. Additionally, my expertise in UI/UX design using Figma complements my frontend skills, enabling me to create cohesive digital experiences efficiently.

UI/UX Designer & developer, Bodhi Info Solutions   Calicut, India
Oct 2018 — Aug 2021

Worked in an agile environment. Developed problem-solving skills experienced in Angular,SCSS and basic level PHP. experienced in meeting and working with clients.

UI Developer, Uniware Solutions Pvt Ltd   Kozhikode
May 2018 — Sep 2018

Contributed to front-end development initiatives aimed at enhancing functionality and elevating user experience within interactive web applications. Leveraged expertise in HTML, Bootstrap, CSS, and jQuery to implement responsive design solutions. Additionally, collaborated on a project utilizing React.js, fostering teamwork and innovation in achieving project objectives.
